

THE FRIENDS OF INSCH HOSPITAL AND COMMUNITY

The Friends of Insch Hospital and Community are a small Scottish charity based in the village of Insch in central Aberdeenshire. Their purpose is to promote, provide or assist anything which will improve the quality of care or environment of both the patients of Insch Hospital and members of the communities that are covered by Insch Health Centre.

The Friends have been a very active group over the years supporting both in-patients of the Insch War Memorial Hospital as well as numerous activities in the local community. For example, the Friends run a monthly lunch club and Tea Dance, provide volunteers to support the local council day care service and fund venues for classes such as cardiac rehabilitation and falls prevention sessions.

The annual Strawberry Fair has been held in the hospital grounds since 1989, allowing the Friends the opportunity to fundraise, share information and welcome the community to a family friendly social event.
